

PDF SHARE FORMS

Online, Offline, OnDemand

PDF forms and SharePoint are better together

Farm ID handling for different product versions

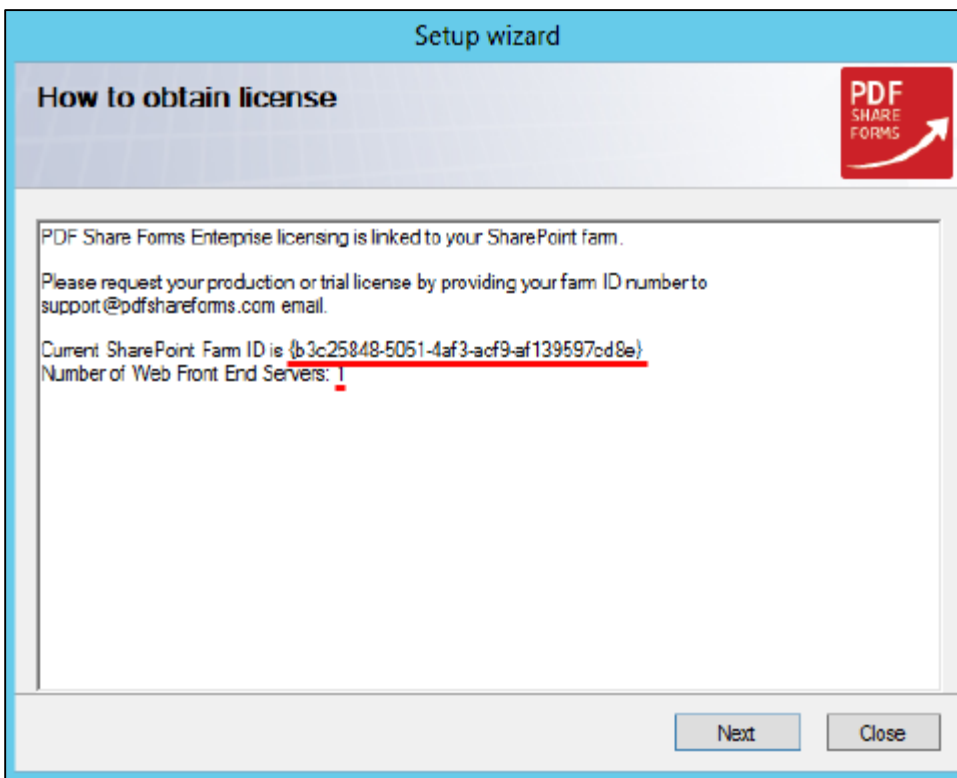

This guide contains information about ways for finding Farm ID in different PDF Share Forms versions. Information about farm ID and Web Front End Server count need to provide to the PDF Share Forms support team (send e-mail to support@pdfshareforms.com) in order to get license key.

Collecting Farm ID in PDF Share Forms Enterprise for SharePoint 2013

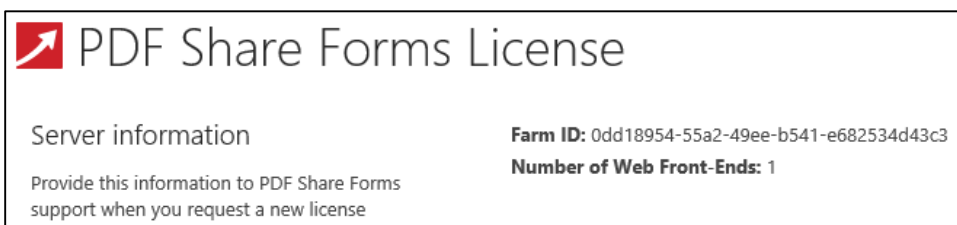

Obtaining farm ID after installation

Right after PDF Share Forms installation, information window appears. Next screen will show information on how to obtain the license for PDF Share Forms solution.

Obtaining farm id using PDF Share Forms Settings

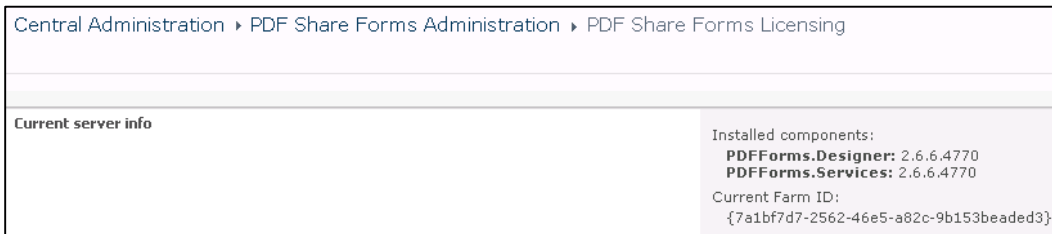

Another way to obtain a farm id is to install PDF Share Forms and proceed to the Licenses (**Central Administration → PDF Share Forms → Licenses**). In that case, the id will be displayed in front of « Farm ID» section like on the screenshot below

Collecting Farm ID in PDF Share Forms Enterprise for SharePoint 2010

Obtaining farm id using PDF Share Forms Settings

Go to **SharePoint Central Administration** → **PDF Forms Settings** → **License**. In that case, the id will be displayed under «Current Farm ID» section like on the screenshot below

Obtaining farm ID using PowerShell

This approach is similar for PDF Share Forms Enterprise for SharePoint 2010 and PDF Share Forms Enterprise for SharePoint 2013.

Step 1. In the SharePoint Management Shell window type:

```
(get-spfarm).id
```

Step 2. Grab the output of the command and send it to the PDF Share Forms support team. Use the following screenshot as a reference
